

Looking for the most reliable, current, and evidence-based medical information? **Visit the Cochrane Library.**

You now have unlimited access to the latest high-quality, independent healthcare evidence from the Cochrane Library helping you, your doctors and healthcare providers to improve healthcare knowledge and decision making.

What is the Cochrane Library?

A collection of online databases of healthcare evidence

Internationally recognized as the highest standard in evidence-based healthcare

Each systematic review asks a specific clinical question such as 'Can antibiotics help in alleviating the symptoms of a sore throat?' and uses stringent methods to summarize and interpret the results of existing medical research on this topic to establish whether there is conclusive evidence about a specific treatment

Regularly updated to incorporate new research, so that you can base treatment decisions on the most up-to-date and reliable health evidence

What can I use the Cochrane Library for?

Research and understand healthcare options for an existing condition or recent diagnosis

Learn about the effectiveness of treatments such as medication, therapy and surgery, including side effects and benefits

Discover future advances for your health with the latest clinical trial results

Keep up-to-date with current healthcare recommendations for COVID-19, pregnancy and neonatal care, cancer, auto immune diseases, opioid addiction and more -all based on the latest evidence available

Advantages of using the Cochrane Library

Trusted medical evidence can help you debunk myths and make informed healthcare decisions

An independent and advertisement-free resource used by medical professionals and policy makers around the world

Plain language summaries make it easy for everyone to understand the evidence

24/7 access online, on your cell phone or device, or through your local library

Cochrane Library is available to all Ohio residents until December 31,2021, through OhioLINK, with support from the Governor's Emergency Education Relief (GEER) Fund and the Ohio Department of Higher Education.
