#### Moon Landing

For centuries, people have dreamed of exploring the wonders of space. In the mid-1900's, these dreams were realized when advances in technology allowed people to send spacecraft into space. To this day, the moon is the only object in space that people have ever visited. How much do you know about the first moon landing? Launch off on a webquest to explore the first moon landing and find out!

First, log onto [www.worldbookonline.com](http://www.worldbookonline.com). Then, click on "Student." If prompted, log on with your ID and password.

Webquests are great for independent learning and can be used as pre- and post- assessment or substitute plans. Activities include finding facts, interpreting images, games, and more!
